What does my deposit mean?

Your deposit is a means of securing a position for a puppy. Von Forell does not adopt a policy of first in first served. After many years we know that as breeders and behaviourists we are in the best position possible to select the best puppy for you. Hence you may be the last person to order a puppy but the first to be lucky enough to take one home. **We ask that you trust us** and our experience in assisting you in the final selection. However we are more than happy to work with you should you desire.
